Wall Mount Dispenser

Dilution Control

Secure Dispensing

The Dal-Pro Wall Mount Dispenser is the ideal system to easily and accurately dispense cleaning products from high performance **dalco** concentrates. Accurate dilutions for filling spray bottles, buddy jugs, mop buckets, auto scrubbers, carpet extraction equipment, are possible with this two button dispenser.

Dispensing button locks for hands free dispensing into mop buckets and auto scrubbers.

Locking cabinet can hold two 2 liter bottles.

Hose for filling RTU bottles.

Two liter bottles are color coded and numbered for easy identification through windows. Metering tips are built into the bottle for reliable operation.

Six foot hose with hanger for filling mop bucket or autoscrubbers.

Drip tray

Two Dal-Pro Wall Mount units can easily be connected to form a four button unit with no additional parts needed.

Quick and easy dispensing of two separate Dal-Pro products.

Flexible Dispensing Options

Dilution Control

The U-Fill system uses the 2 liter Dal-Pro bottle to accurately dispense products.

Portable Dispensing

The Dal-Pro Gun allows dispensing of Dal-Pro concentrates into mop buckets, scrubbers, and spray bottles.

Point of Use Dispensing

The Dal-Pro Foamer allows dispensing of foaming cleaners directly onto shower walls. Valve control allows easy water rinsing option.

Squeeze and Pour No Equipment Required

The Dal-Pro bottle allows the user to dispense product from the Dal-Pro Wall Dispenser, Dal-Pro Gun or alone using the Squeeze and Pour proportioning cup.

Gently squeeze the container to fill the proportioning cup to the desired level in ounce or milliter.

Pour the measured quantity into a mop bucket, scrubber or spray bottle. The clear view container allows you to see the level of concentrate in the bottle at all times.

Each Dal-Pro concentrate is available in a convenient, multi-lingual 2 liter bottle numbered and color coded for easy identification and simplified training.

Dilution Control

Product Guide

Each Dal-Pro concentrate is available in the convenient 2 liter bottle labeled with a number identifier and color coded for easy identification.

Dal-Pro Dispensing System

Allows two products to be dispensed accurately with the touch of a button. Connect two units together to create a four product dispenser.

Dal-Pro 10 ORC

Foaming restroom cleaner designed to cling to verticle surfaces when sprayed through a foaming trigger sprayer or foaming gun.

Dal-Pro 11 Bio-Brite

Highly concentrated bio-based glass cleaner. Manufactured using corn and coconut, each a renewable resource. 100% VOC free. Cleans glass, mirrors, stainless steel, chrome, counters, table tops.

Dal-Pro 12 O-Force

Contains Hydrogen Peroxide which provides color safe bleaching and deodorizing of water safe surfaces. Cleans floors, countertops, tub and showers, grouted tile, glass, toilets, sinks, food service surfaces.

Dal-Pro 13 Bio-Shine

Neutral pH daily floor cleaner for use in autoscrubbers or damp mopping. Use in UHS Floor programs. Does not leave a film.

Dal-Pro 14 Orbit

A mild acid cleaner that removes browning discoloration in carpeting. Orbit can neutralize excess alkalinity and control de-icing salt residue on both tile and carpet.

Dal-Pro 15 Laser

Highly concentrated prespray for use in pump up sprayers. Safe for most carpeting including stain-resistant nylon.

Dal-Pro 16 Kryptonite

General purpose cleaner that attacks and lifts everyday grease and grime on most surfaces. Cleans oil, grease, ink, crayon, smoke, soot, soft drink, black heel marks, marker, soap film.

Dal-Pro 17 Bio-Tough

All purpose degreaser manufactured using palm, coconut, sugarcane, and corn, all are renewable resources. Cleans walls, countertops, floors. Use outdoors, will not harm foliage.

Dal-Pro 256 Disinfectant

A disinfectant that is a no rinse, neutral pH, hospital grade, that cleans and deodorizes. Effective against H1N1, Influenza A, HIV-1, HBV, MRSA, EPA registered.

Dal-Pro Gun

Dal-Pro U-Fill Gun dispenses directly into mop buckets and auto scrubbers.

 Green Seal Product
These products meet Green Seal's environmental standard for industrial and institutional cleaners based on its reduced human and aquatic toxicity and reduced smog production potential.

 Bio-Preferred
These products are derived from sustainable agricultural resources and supports local agricultural products grown in the USA.

 DfE Program Product
Recognized as a safer product. These products have been formulated in Partnership with the Environmental Protection Agency's Design for the Environment Program.
